Financial Arrangements

YHRPA financial expenses are the responsibility of the Yukon Department of Justice (Finance Branch). Funding for each fiscal year is approved based on financial appropriations by the Yukon Legislative Assembly.

The budget estimation process is often challenging and uncertain because the caseload of the YHRPA is almost entirely dependent on the number of matters that are referred by the Human Rights Commission each year. In an effort to ensure that the YHRPA is on track with its budget estimate, budget discussions may be held throughout the year as necessary. When additional funding is required to carry out the responsibilities of the YHRPA, additional funding is requested through the supplementary appropriation process.
