1. On \_\_\_\_\_, (Member) \_\_\_\_\_

- asked the following question during the Oral Question Period at page(s) \_\_\_\_\_ of Hansard
- submitted the following written question – WQ No. \_\_\_\_\_
- gave notice of the following motion for the production of papers – MPP No. \_\_\_\_\_

RE: \_\_\_\_\_

OR

2. This legislative return relates to a matter outstanding from discussion with Mr. Hassard, Leader of the Official Opposition on October 20, 2020 related to:

Bill No. 204  Second Reading  Third Reading  
 Committee of the Whole: Vote 55

Motion No. \_\_\_\_\_ RE: OTAB Old Territorial Administration Building  
at page(s) 1494 of Hansard.

The response is as follows:

Would the minister be able to tell us if there was any design work or anything done on that project in the previous year, as it was in the five-year capital concept for that year?

Response:

This spring, work and assessments occurred culminating in the Comprehensive Asset Management Plan for this building in October 2019. As part of ongoing maintenance, the fire alarm system was replaced in 2018/19.

This summer, Highways and Public Works put out a tender for the design and construction administration of the work outlined in the asset management plan. The tender closed on August 24 and Kobayashi-Zedda was the successful bidder.

An initial meeting to start work on the project happened in the third week of October 2020.
