Dear Maxwell Harvey,

In light of the recent conversations on the national stage regarding foreign interference in Canadian democratic institutions, I write to you today to seek your views on how interference can continue to be prevented in Yukon's elections.

While I am not aware of any evidence that foreign interference has occurred in a Yukon election, this is an opportune moment for Elections Yukon to describe what policies and procedures exist to protect our elections from foreign interference. I would also welcome any recommendations you may have with respect to guaranteeing the security of the territory's elections.

I encourage you to work with the Legislative Assembly to find an appropriate path under your powers in the *Elections Act* to deliver information regarding interference in elections, and how the Yukon can continue to deliver secure elections that maintain public trust.

Thank you for your attention to this important matter.

Sincerely,

Ranj Pillai
Premier
