Dear Currie Dixon:

Re: Status update on the Report of the Auditor General of Canada to the Legislative Assembly of Yukon – Kindergarten Through Grade 12 Education in Yukon – Department of Education

The Department of Education is unwavering in its commitment to implement the recommendations contained in the 2019 Auditor General of Canada's report, *Kindergarten Through Grade 12 Education in Yukon*.

By way of the enclosed progress report, we are pleased to provide an update to the Standing Committee on Public Accounts on work completed or underway since the January 2022 public hearing.

With First Nations governments and other partners in education, we continue to rethink how we are supporting students and delivering timely, effective supports for their learning needs. The audit's recommendations continue to inform significant system change so all Yukon learners recover and thrive as we look beyond the COVID-19 pandemic. These recommendations guide us in our work to create safer and more inclusive schools where students are supported and ready to learn.

If you have any questions on this progress report, or would like further updates as we work to address the audit's recommendations, please do not hesitate to contact my office.

Sincerely,

Mary Cameron
Deputy Minister of Education
