

Petition

To the Yukon Legislative Assembly:

This petition of the undersigned shows:

THAT participation in direct democracy through petitions to the Yukon Legislative Assembly is an important power for all Yukoners, including residents of rural and remote communities; and

THAT by not providing a means for electronically signing petitions, the Yukon Legislative Assembly creates significant barriers to direct political participation for residents of rural and remote communities in Yukon, outside of Whitehorse;

THEREFORE, the undersigned ask the Yukon Legislative Assembly to provide a means by which Yukoners can sign a petition electronically, without requiring wet signatures on a paper copy of the petition to be physically presented in the Legislative Assembly Chamber in Whitehorse.
