Statutory Reports

Reports Following an Electoral Event

These reports are based on the ‘election period’ as provided for in the *Elections Act*, section 1. It is the period between the issue of the writ and ends on the date of the return of the writ.

Each political party and candidate are to file on or before the 90th day after the return of the writ.

- **Election Revenue Return (ERR):** This return is required of all candidates and political parties after an election event. It provides the total revenues (contributions and total of 'other revenues') received by candidates and the political parties.

This report sets out the total amount of the registered political party or candidate has received for campaign purposes and identifies each amount included in the total.

For political parties, the ERR reports each amount received in the name of the candidate endorsed by the political party, or the amount received from a candidate endorsed by the political party, for expenses, including those for notices or advertising paid by the registered political party on behalf of the candidate.

For candidates, it reports each amount received from a registered political party, or by a registered political party on behalf of a candidate.

- **Election Expenses Return (EER):** This return is required of all candidates and political parties after an election event. It provides the total fair market value of goods and services used during the election period.

This report sets out the fair market value of all goods and services used during the election period. Categories include electronic and print media, office and administration, personnel, election travel, and any other costs (such as candidate stipends).

- **Election Financing Return (EFR):** This return is required of all candidates and political parties and after an election event. It provides the information used in the election revenue and election expense reports to identify a surplus or deficit and provides debt holder information and surplus fund disposition requirements.

This report sets out the total revenues (as reported in the election revenue return), total expenses (as reported in the election expenses return), and the amount surplus or deficit determined by subtracting total expenses from the total of all revenues received.

If a deficit is reported, the report shall include the names and addresses of all debt holders and the amount of each debt.

If the candidate was endorsed by a registered political party, the candidate's surplus funds shall be paid to the political party and proof of payment made is provided with the election financing return. If the candidate was not endorsed by a registered political party, the surplus funds are to be paid to the Chief Electoral Officer who will pay them to the Yukon Consolidated Revenue Fund.
