**RESPONSE TO PETITION**

Hon. Mr. Lang, Minister of Community and Transportation Services, tabled the following response:

With respect to Petition #6 presented by the Member for Whitehorse West in this House on November 13, 1984, I respectfully submit the following response on behalf of the Government of Yukon.

The Government of Yukon, in foreseeing the need, for reasons of public safety, for the construction of passing and turning lanes in the area of the new Whitehorse airport and the Hillcrest industrial and commercial sub-divisions, has already proceeded with a request to Public Works Canada to have such lanes included in the Alaska Highway upgrading and maintenance program in fiscal 1985/86.

Public Works Canada, in a letter dated November 8, 1984 has concurred with this suggestion. I am therefore pleased to advise this House that passing and turning lanes will be included in the upgrading and maintenance program in the next fiscal year, along with a resurfacing program for the Alaska Highway in the Whitehorse area.

I trust this information will alleviate the concerns of those citizens who petitioned this government as stated in Petition #6 as presented by Mr. Penikett on their behalf.

The Hon. D. Lang  
Minister, Community and Transportation Services.
