Therefore, understanding that the Minister probably does not have the letter on hand at this time, I will suggest that he is required to table the letter at a specific time and date."

SPEAKER'S STATEMENT

During Question Period, the Speaker made the following statement:

"Order. I would just like to bring to the Members' attention a ruling that was made in the House of Commons by Roland Michener in 1959. 'Simple justice requires that no honourable Member should have to submit to investigation of his conduct by the House or a committee until he has been charged with an offence'. The proper procedure for charging a Member with an offence is to move a substantive motion, containing the charge and a proposal for dealing with it.

For such a motion to be in order, it must charge a Member with conduct that amounts to breach of privilege, or which disqualifies a Member from sitting in the House, or which amounts to contempt of the House.

Further to the authorities cited by Speaker Johnston earlier in 1992, I would also refer the House to Standing Order 19, which states, 'A Member will be called to order by the Speaker if that Member:

- (h) imputes false or unavowed motives to another Member;
- (j) uses abusive or insulting language or a nature likely to create disorder.'

Additionally, guideline 8 of the Guidelines for Oral Question Period states, 'A question must adhere to the properties of the House in that it must not contain inferences, impute motives of cast aspersions upon persons within the House or out of it.'

It is clear that allegations such as those that were made concerning the Government Leader constitute unparliamentary language and, if they are to be made, must be placed before the House in the form of a motion."

OPPOSITION PRIVATE MEMBERS' BUSINESS

MOTIONS OTHER THAN GOVERNMENT MOTIONS

Moved by Ms. Commodore:

THAT it is the opinion of this House that the Government of Yukon should immediately live up to its obligations under the Umbrella Final Agreement and commence negotiating in good faith with the Kwanlin Dun First Nation.

THAT Motion #40 be amended by deleting all the words after the phrase "Government of Yukon should" and substituting for them the following:

PETITIONS

The Clerk reported on Petition #10 as follows:

Mr. Speaker and honourable Members of the Assembly:

I have had the honour to review a petition, being Petition #10 of the First Session of the 28th Legislative Assembly, as presented by the honourable Member for Mount Lorne on May 30, 1994.

The rules and practices of the Assembly require that petitions must be addressed to the Legislative Assembly and that they must ask the Assembly to take some particular action. The model petition shown in Appendix 2 to the Standing Orders of the Legislative Assembly illustrates this point.

Petition #10 does not meet these requirements as to form because, although it is addressed to the Assembly, its request for action is directed to an individual member rather than to the Legislative Assembly as a whole.

Patrick L. Michael
Clerk of the Yukon
Legislative Assembly

The Speaker ruled that, accordingly, the petition could not be received.

CASTING VOTE

There being an equal number of votes, the Speaker stated:

"Our Standing Order 4(2) states that, in the case of an equality of votes, the Speaker shall give a casting vote. In general, the principle applied to motions and Bills is that decisions should not be taken except by a majority. In this case, however, the Chair is aware that the passage of this Bill is a test of the confidence of the Assembly in the Government. It is my view that questions of confidence are of such importance that an expression of non-confidence should be clearly stated by a majority. The Chair, therefore, votes for the motion. The motion for Third Reading is carried and Bill #94 has passed this House."
