## **Scope of Work**

### **3. Overview**

The Special Committee on Electoral Reform was established by Order of the Yukon Legislative Assembly on May 26, 2021 ([Motion No. 61](#): <https://yukonassembly.ca/sites/default/files/inline-files/SCER-35-Motion61.pdf>).

The Committee is required to report to the Legislative Assembly on its findings and recommendations no later than March 31, 2022.

### **4. Objective**

- .1 Review Yukon’s first past the post electoral system, examining its effectiveness, strengths and weaknesses and any improvements that could be made to the current system that might lead to better voter engagement and turnout. Examples could be reducing the voting age to 16, extending voting opportunities, election financing rules, ensuring rural representation or other as the study proponent using their expertise can identify.
- .2 Review other electoral systems in the world, their effectiveness, strengths and weaknesses. Identify how other electoral systems could be adapted to Yukon and include how these systems might improve voter engagement and why. Examples of other voting systems include: Single Transferable Vote, Mixed Member Proportional, Ranked Ballot or other.
- .3 The proponent will give examples, in particular where a first past the post electoral system was changed to another kind of voting system and outline the challenges faced by the jurisdiction in educating voters and implementing the new system.
- .4 The proponent will indicate what have been the ensuing results in respective legislative assemblies or parliaments since the change in each identified jurisdiction compared to

the previous situation and indicate any change in voter turnout and voter engagement as a result.

- .5 The proponent will not make a recommendation of a change but may indicate which kind of system may be best suited for a jurisdiction with a small number of voters and a small number of seats in a Westminster model of parliament with party politics.
- .6 The proponent will cite the publications relied upon for their analysis.

## 5. Description and Scope of Work

- .1 Startup Meeting: Participate in an hour-long start-up meeting with the Special Committee on Electoral Reform (Committee) to discuss the anticipated project and confirm timelines and deliverables. Virtual meeting is acceptable.
- .2 Information Review
  - a) Review the application to ensure the application is technically complete. If additional information is required for technical completeness, draft a letter submitted to the Committee summarizing what additional information is required and rationale for each item of the information request.
  - b) Review responses to the information request(s) and any additional information submitted by the proponent or as provided by the Committee to determine if the information is technically adequate.
  - c) Evaluate the proposed activities and identify potential issues related to electoral reform options. Provide a written summary of potential issues to the Committee.

- .3 The Contractor shall manage, supervise, and be solely responsible for the work of its subcontractors.
- .4 The Contractor shall perform the Work in a timely, proper and workmanlike manner, and shall carry out its obligations under this Contract with the degree of care, skill, judgment and diligence that would reasonably be exercised by an experienced, skilled and prudent contractor supplying similar work or services for similar work or projects.
- .5 The Contractor represents and warrants that: the Contractor and its employees, subcontractors, and agents are qualified and competent to perform the work, and have the necessary skills, knowledge, certification, and ability to perform the Work, and all factual materials submitted to the Owner are true and accurate, and that all estimates, forecasts, and other related matters involving judgment were prepared in good faith.
- .6 The Owner shall at all times have access to the Work and be permitted to examine the Work, and any products, materials, and equipment used or to be used in the performance of the Work.

### Payment

- .1 The Contractor shall submit an invoice or application for payment, in a form and with content acceptable to the Owner, acting reasonably. Amounts invoiced on account of costs or expenses for Work shall not exceed the value of the Work performed before the date of invoice submission, unless otherwise agreed to by the Parties in writing or explicitly stated in this Contract. Upon request by the Owner, the Contractor shall provide a statutory declaration and any supporting information or materials to support the invoice or application for payment.
- .2 The Owner shall pay the Contractor any undisputed amounts within 30 calendar days from the date of receipt of an invoice, subject to the terms of the Contract.
- .3 The Work under this Contract is being purchased by the Owner for a public purpose with public money and is not subject to the Goods and Services Tax or any Harmonized Sales Tax ("GST/HST") under authority number R107442840. ### **Changes to the Contract**

- .1 Changes to the Contract and the Work must only be made through a written change order agreed to by both Parties or their duly authorized representatives. No payment or compensation shall be made to the Contractor for any reason, unless such payment is explicitly stated in the Contract or authorized under written change order. Any amount for a change to the Work or Contract by written change order shall be considered total compensation for and inclusive of all costs and expenses arising from or related to the change in the Work or Contract.

### **Insurance and Liability**

- .1 Unless otherwise explicitly stated in the Contract, the Contractor shall provide, pay for and maintain applicable insurance.

### **Confidentiality**

- .1 If the Owner designates any information, documents, records or other materials as confidential or proprietary (whether express or implied) (“Confidential Materials”), the Contractor shall treat the Confidential Materials as confidential, and shall not use, copy, disclose, permit to be disclosed, or otherwise communicate the Confidential Materials except: with the prior written consent of the Owner; or as required by law provided that the Contractor gives written notice to the Owner promptly upon becoming aware of such a requirement. The Contractor will ensure that its facilities, systems and files are secure and that access to any Confidential Materials are strictly controlled.

The Contractor represents and warrants that it has the full authority to assign and transfer such rights and ownership, and that it has not violated any rights related to Intellectual Property, contractual or property rights, or any other rights in the performance of the Work or Contract.
