Dear Ministers McPhee and Mostyn,

**RE: Whistle Bend School Planning Committee**

---

With respect to the recently announced project advisory committee for planning the new elementary school in Whistle Bend I understand that the Yukon Teachers' Association (YTA) has not been asked to participate in this group. It is essential that teachers, a primary user of any school, are invited to participate in the planning stage to ensure that the finished product will best serve the needs of the school community.

I am wondering if you can let me know if the YTA was in fact left off the advisory committee and, if that is the case, what the rationale for not including them was, and whether you will amend the membership of the group to ensure that teachers are included in the planning process.

Thank you and I look forward to your response.

Sincerely,

Scott Kent  
MLA Copperbelt South

C Sue Harding, President, Yukon Teachers' Association
