Premier Sandy Silver
Yukon Legislative Assembly
Box 2703
Whitehorse YT Y1A 2C6

Dear Premier Silver:

Thank you for replying to our request and offering our Association the opportunity to meet with the Minister responsible. Our intention in reaching out was to request a delay in the implementation of rent control until such time impacted stakeholders, including members of YREA, were provided the opportunity to consult on this important issue. Seeing as the *Order In Council* has been made, and the Residential Landlord and Tenant Act amended, and this occurred prior to the offer to meet with our Association, we see no reason to meet at this time.

Therefore, for the record, YREA was neither offered the opportunity, nor consulted on rent control prior to its implementation.

Regards,

Marc Perreault
YREA President, RE/Max Action Realty
