

LEGISLATIVE RETURN

SUBMITTED BY: Hon. Richard Mostyn, Minister of Highways and Public Works

1. On November 6, 2018, Patti McLeod (Watson Lake).

asked the following oral question at page(s) _____ of *Hansard*

submitted the following written question – WQ No. 31

gave notice of the following motion for the production of papers – MPP No. _____

RE: With respect to the study designed to observe and record traffic on the Robert Campbell Highway between Watson Lake and Two and One-Half Mile Village:

- 1) What was the method used for the collection of data?
- 2) Over what time period was the data collected?
- 3) Was vehicle traffic information collected during the same time period?

OR

2. This legislative return relates to a matter outstanding from discussion related to:

on _____ at page(s) _____ of *Hansard*.

The response is as follows:

- 1) An infrared enabled trail camera, which took a picture every 30 seconds, was used to collect road use data along the Robert Campbell Highway between Watson Lake and Two and One-Half Mile Village. Photos were reviewed afterwards to determine the presence of pedestrian, cyclist and off-road vehicle road users.
- 2) This data was collected between June 14 and June 27, 2017.
- 3) Vehicle volumes were not counted when reviewing the data at this location.
