- submitted the following written question – WQ No. \_\_\_\_\_
- gave notice of the following motion for the production of papers – MPP No. \_\_\_\_\_

RE: Porter Creek Secondary School Portable Mould Remediation

OR

2. This legislative return relates to a matter outstanding from discussion with (Member) \_\_\_\_\_ on \_\_\_\_\_ related to:

Bill No. \_\_\_\_\_  Second Reading  Third Reading  
 Committee of the Whole: \_\_\_\_\_

Motion No. \_\_\_\_\_ RE: \_\_\_\_\_  
at page(s) \_\_\_\_\_ of *Hansard*.

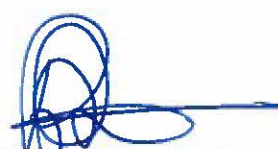

The response is as follows:

Can we get an update us on the portable at Porter Creek? Is remediation continuing, and if so, when will the portable be ready and what will it be used for?

Response:

Follow-up testing showed that initial remediation efforts did not remove all mould and that mould levels are still present in the portable. Remediation work is paused while we do further analysis and work with the Department of Education to determine their needs for the building. We will not have a timeline until we know the best option moving forward.
