

To the Yukon Legislative Assembly:

This petition of the undersigned shows:

THAT the classroom and shared learning spaces at Porter Creek Secondary School are inadequate to the diverse and unique learning needs of the Music, Arts and Drama program, also known as the MAD program;

THAT the spaces at Porter Creek Secondary School are small, shared and take away from how these students learn;

THAT the bells interrupt the flow of learning and MAD students are ridiculed by regular students and feel very unsafe;

THAT the MAD program has been taken away from a facility, the Wood Street Centre, that had a 150 seat black box theatre with state of the art sound and lights, costume room and set construction room;

THAT at Porter Creek Secondary School MAD students have one classroom that can't accommodate 28 students and have limited access to a drama room which must be shared on and off with regular classes

THEREFORE, the undersigned ask the Yukon Legislative Assembly to urge the Minister of Education to either move the Music, Arts and Drama program back to its home of over 20 years at the Wood Street Centre at 411 Wood Street in Whitehorse, or move it to The Guild Hall at 27-14th Avenue in Whitehorse, or another suitable location such as the Yukon Arts Center at 300 University Drive in Whitehorse for the remainder of the 2020-21 school year or until another suitable home is found.

Selene Brown

To the Yukon Legislative Assembly:

This petition of the undersigned shows:

THAT the classroom and shared learning spaces at Porter Creek Secondary School are inadequate to the diverse and unique learning needs of the Music, Arts and Drama program, also known as the MAD program;

THAT the spaces at Porter Creek Secondary School are small, shared and take away from how these students learn;

THAT the bells interrupt the flow of learning and MAD students are ridiculed by regular students and feel very unsafe;

THAT the MAD program has been taken away from a facility, the Wood Street Centre, that had a 150 seat black box theatre with state of the art sound and lights, costume room and set construction room;

THAT at Porter Creek Secondary School MAD students have one classroom that can't accommodate 28 students and have limited access to a drama room which must be shared on and off with regular classes

THEREFORE, the undersigned ask the Yukon Legislative Assembly to urge the Minister of Education to either move the Music, Arts and Drama program back to its home of over 20 years at the Wood Street Centre at 411 Wood Street in Whitehorse, or move it to The Guild Hall at 27-14th Avenue in Whitehorse, or another suitable location such as the Yukon Arts Center at 300 University Drive in Whitehorse for the remainder of the 2020-21 school year or until another suitable home is found.

THAT the MAD program has been taken away from a facility, the Wood Street Centre, that had a 150 seat black box theatre with state of the art sound and lights, costume room and set construction room;

THAT at Porter Creek Secondary School MAD students have one classroom that can't accommodate 28 students and have limited access to a drama room which must be shared on and off with regular classes

THEREFORE, the undersigned ask the Yukon Legislative Assembly to urge the Minister of Education to either move the Music, Arts and Drama program back to its home of over 20 years at the Wood Street Centre at 411 Wood Street in Whitehorse, or move it to The Guild Hall at 27-14th Avenue in Whitehorse, or another suitable location such as the Yukon Arts Center at 300 University Drive in Whitehorse for the remainder of the 2020-21 school year or until another suitable home is found.

To the Yukon Legislative Assembly:

This petition of the undersigned shows:

THAT the classroom and shared learning spaces at Porter Creek Secondary School are inadequate to the diverse and unique learning needs of the Music, Arts and Drama program, also known as the MAD program;

THAT the spaces at Porter Creek Secondary School are small, shared and take away from how these students learn;

THAT the bells interrupt the flow of learning and MAD students are ridiculed by regular students and feel very unsafe;

THAT the MAD program has been taken away from a facility, the Wood Street Centre, that had a 150 seat black box theatre with state of the art sound and lights, costume room and set construction room;

THAT at Porter Creek Secondary School MAD students have one classroom that can't accommodate 28 students and have limited access to a drama room which must be shared on and off with regular classes

THEREFORE, the undersigned ask the Yukon Legislative Assembly to urge the Minister of Education to either move the Music, Arts and Drama program back to its home of over 20 years at the Wood Street Centre at 411 Wood Street in Whitehorse, or move it to The Guild Hall at 27-14th Avenue in Whitehorse, or another suitable location such as the Yukon Arts Center at 300 University Drive in Whitehorse for the remainder of the 2020-21 school year or until another suitable home is found.
