## 1. Ms. Hanson (Motion #144)

THAT this House urges the Government of Yukon to take immediate action to protect Yukon renters from the negative impacts of 'condo-conversion' by:

- (1) supporting the Federation of Canadian Municipalities' call for the creation of a 'Building Canada Rental Development Direct Lending Program', to stimulate investment in rental units,
- (2) developing a strategy, based on models developed in other jurisdictions, to protect tenants from the impact of condo-conversion,
- (3) establishing territorial regulations to protect rental housing stock; and
- (4) working in collaboration with the City of Whitehorse, and the Association of Yukon Communities, to establish guidelines to protect the supply of rental stock through the development and enforcement of municipal condominium conversion policies.

## 2. Mr. Silver (Motion #145)

THAT this House urges the Minister of Energy, Mines and Resources to collaborate with the administration of Dawson City, as has been taking place with the City of Whitehorse, to cooperatively develop municipal mineral staking policies that will respect the needs of all residents and provide certainty for land users, including those with residential, recreational, and mining interests.

## 3. Mr. Elias (Motion #146)

THAT this House urges the Minister of Environment to address low and declining chinook salmon stocks in the territory by:

- (1) facilitating the Yukon River Panel's work, as it encourages Alaska fishermen to allow sufficient numbers of breeding salmon through to Yukon, conducts test fisheries, monitors salmon populations throughout Yukon River drainage within the territory; and
- (2) advocating on behalf of Yukoners with his federal counterpart for an international joint effort to conduct a complete and thorough examination of why Yukon's salmon agreements are not working, and where and how the management of Yukon's salmon runs have failed, and work to fix it.

## 4. Mr. Elias (Motion #147)

THAT this House urges the Minister of Environment to table a 2011 State of the Environment Report, and the 2009 and 2010 Interim State of the Environment Reports, thereby discharging outstanding obligations under Sections 47, 48, and 50 of the *Environment Act*.
